Other Points to Note:

1. Financial planners must remind customers that life insurance policies are long-term contracts designed to provide protection over a person's lifetime, typically involving a longer policy term. Customers should select insurance products based on their own protection needs and affordability.
2. Financial planners must not use any special offers as an incentive for customers to purchase insurance nor influence customers in a way that prevents them from making an informed decision. Recommendations must be based on the customer's actual need. If the product concerned requires a Financial Needs Analysis, financial planners must complete such analysis with the customer product recommendation / solicitation. Customers should decide the premium based on their own needs and financial capacity. For Macau, financial planners must complete the Financial Need Analysis with customers before any product recommendation/ solicitation.
3. Financial planners in Hong Kong and Macau can only promote this campaign within the territory covered by their respective licenses. All sales activities and insurance application must be conducted within Hong Kong and Macau territory.
4. Financial planners must comply with the "Operating Guidelines For Agents On Dealing Insurance Business With Applicants/Policyowner from MCV Business" and related MCV guidelines.
5. Before contacting any customer, financial planners must check whether the customer has provided consent to the use of their personal data for direct marketing. If not, do not conduct any direct marketing (including promotional electronic messages) until explicit consent has been obtained.

Limited-time offers! Please seize the sales opportunity!
